

In our read aloud, *Powerless*, Daniel discovered that there has been a history of Supers in Noble's Green. Wanting to find out more about the Supers, Daniel is able to convince Eric to tell him more about the powers of past Supers. Daniel recorded the information he found in the tables below:

Invincibility	39
Strength	23
Super Stink	11
Super Senses	8
Super Smarts	35
Ice Powers	22

Electricity Power	19
Invisibility	12

Using Daniel's data, what can you determine about the history of the Supers of Noble's Green? How many Supers had a power related to their senses? How many Supers have had a power related to movement? What other discoveries can you make based on Daniel's data?

Be sure to record your findings in drawings, words and equations!
