

Can you believe how many pennies we raised as a floor for Pennies for Peace? It's incredible! On Friday we worked together to roll our pennies. We've collected so many! Soon we will be able to send our money off to help schools in Pakistan and Afganistan.

Let's think about how this money could support a classroom. Below is a list of supplies and how much each item might cost. Choose some supplies a student could use at school. Then, find out how much your supplies will cost altogether. Once you have a total, determine what coins and bills you could use to represent that quantity.

Pencil= \$0.01

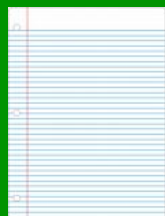

Desk= \$9.00

Chair= \$6.00

Glue= \$1.10

Pack of Paper= \$0.75

Marker Pack= \$2.25

One Book= \$3.50

Scissors= \$0.95
