

# Race to a Gallon!

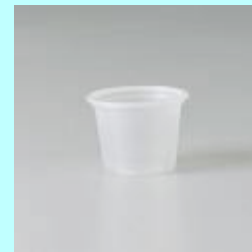

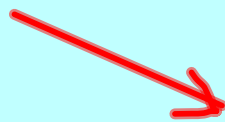

Yesterday we got our feet wet discovering what ounces look like.

Did you know there are 128 ounces in a GALLON?!?

Let's play race to a flat, except this time it's race to a gallon! You'll be working to reach 128!

You'll need: dice, a partner, a trading mat, base ten blocks, and a recording sheet!

one gallon

one  
ounce
