

Good Morning!

This afternoon we are going to see a play about **Little Red Riding Hood**. Did you know that one of the treats Red was bringing to her Grandma's was a pizza pie?

On her way to Grandma's, she not only runs into the wolf, but many furry creatures. She is so generous, she'd like to share the pizza with all her new friends. She wants to be fair and needs help with **fractions**. Take a pizza template and show Red how you would share a pizza equally with 2 friends, 4 friends or more.
