**Re:** *SNOWFLAKE* APPLICATIONS

We LOVED your *snowflake* designs and want MORE! MORE! MORE!  
Your new product brought so much success in our Seattle *Snowflake* Showroom that we're opening a brand new *Snowflake* Showroom at Snoqualmie Summit! You'll be able to see your *snowflakes* when we go tubing there later this month! Due to the high altitude at the Summit, snow falls in **penta blocks**. We need your help: make a **NEW** design with these shapes. Then, use the **T-chart** to project how many shapes are needed for 2 flakes, 3 flakes, 4 flakes....it's a blizzard of shapes!!
