

Time is a precious **RESOURCE**. It's **TIME** to plan your ultimate hour in class! Did you know that there are exactly 60 minutes in an hour?

Each day in class we do SO many things like...

Math Vitamin	Class Meeting
Writer's Workshop	Sign In
Theme research	Language Groups
Math Fact Quiz	DEAR
Reflection	HLT Copy
Read Aloud	Paired DEAR
Lit	Jobs

Design a dream hour here in class. Choose the activities you would be excited to do and then decide how long you would like to do each one. Remember that your hour lasts only 60 minutes! Record your plan as a schedule on a Math Vitamin sheet.
