

Good
Morning!

"Oh no!
I really
wanted to
use all **orange
boards** to build
this house,
but there's been
an **orange board**
shortage at
the lumber
yard!" said
Bush E.
Tail.

"Not to
worry,
Bush E. Tail.
There are a lot
of combinations
of smaller
boards that
equal the
**orange-sized
board**," replied
Smart T.
Pants.

Use these
blueprints
to determine
which
boards they
can use in
place of the
orange
boards.

Build, draw and write an
equation for your solution.
