

Good Morning!

"**SAVING-SAVING-SAVING!** Oh, how I wish to save up enough money to bring Ms. Mac back for a visit. It's hard to buy a plane ticket with **sunflower seeds!**"

Good thing Humphrey has been scouring the school for lost **pennies**, but it's hard to keep track of all his heavy coins with such little paws. He has asked for our help to exchange his **pennies** for **dollar bills**. He knows there are **10 pennies** in a **dime** and **ten dimes** in a **dollar**.

Using a die, help him earn **100 pennies**. Each time you get **10 pennies**, you can trade for a **dime**. Then trade your **ten dimes** for a **dollar!** He'll be one step closer to seeing Ms. Mac again!
