

Good Morning! Today is Tuesday October 9, 2012

"I know some new tricks," Said the Cat in the Hat. "A lot of good tricks. I will show them to you. Your mother Will not mind at all if I do."

"Look at me! Look at me now! I can hold up a cup and the milk and cake. I can hold up these books and the fish on a rake. It is fun to have fun but you have to know how"

That Cat can balance lots of things in both hands! Let's help him count them all. Ask a teacher how many things he had in each hand and figure out how many he had all together.
