

Good Morning!

Thanksgiving is a great holiday for giving and being thankful. Next week we will be creating a Stone Soup feast with our buddies. As we prepare for the feast it is a UCDS tradition to create a placemat for one of your Tower buddies. This year, our placemats are inspired by the floats created in your Math Vitamins.

Use your imagination to create a new parade float. Make a plan with a set of Tangrams and then check in with your teachers for your placemat supplies.
