

Good Morning!
Today is Wednesday,
January 25, 2012!

YIPPEE!

Humphrey was excited to hear that Aldo brought back some extra tiles to build an addition onto his cage! Humphrey would love to add a pool or a dance floor to his cage and is experimenting with four-sided designs. Check with a teacher to find out how many extra tiles Aldo bought. How many different ways can you arrange your tiles to make a four-sided design? Build and record some of your thoughts.
