

Good Morning

Today is Wednesday, October 24th 2012

The Boxcar Children's hometown, Greenfield, is getting excited for Halloween!

Grandfather Alden has a basket full of **bubblegum** to pass out to trick-or-treaters. He likes to give each costumed kid **3** pieces. See a teacher to see how many are in his basket.

How many trick-or-treaters will get candy before he runs out?

Build, record and write an equation for your basket of **bubblegum**.
